

Update Bulletin – July 2023

Changes

1. Delivery Address:
 - a. The delivery address entered on Briskflow, pulling through as a one-liner address in SAGE. This didn't usually do this. It used to populate it in the different rows for that address. Now it's pulling through as one long sentence in the first row.

Platform Fixes

1. Blank Pages when printing quote, job card or invoices have now been removed
2. When creating a recipe in Manufacturing the item counts shows 1 but there is more than 1 item in the recipe.

1 2 3 4 >
